Transforming Britain's Landscapes

Responsible Sourcing – Supply Chain Management

Marshalls' purchasing policy sets out the standards and ethics by which business is conducted and operates management systems to manage its suppliers.

The majority of products are sourced in the UK and where products are sourced from outside the UK, an ethical risk assessment is completed and an appropriate action plan agreed – multi-stakeholder independent social audits are part of our best practice.

Marshalls is a member of both the Ethical Trading Initiative and UN Global Compact.
