### Chief Executive's Review

#### **Group Results**

Marshalls' revenue was up 6.0 per cent, including acquisitions, in the half year ended 30 June 2007 at £209.9 million (2006: £197.9 million). Like for like revenue was up 3.7 per cent. Acquisition growth was 2.3 per cent at £4.7 million.

Operating profit for the period increased by 7.9 per cent to £30.5 million (2006: £28.3 million) after accounting for start up costs and one-off items. The start up costs of strategic initiatives expensed in the period were £2.3 million and these were partially offset by a net profit of £1.8 million from the sale of surplus properties. Operating profit before these one-off items was £31.0 million (2006: £30.0 million) an increase of 3.3 per cent.

Net financial expenses were £3.1 million (2006: £3.2 million) and interest cover was 9.1 times (2006: 8.9 times).

The effective tax rate has reduced to 28.0 per cent (2006: 30.3 per cent) due to the one-off beneficial impact on deferred tax of the future reduction in the rate of corporation tax.

Basic earnings per share was up 13.0 per cent at 13.80 pence per share (2006: 12.21 pence per share).

The interim dividend will be 4.55 pence per share (2006: 4.30 pence per share) an increase of 5.8 per cent. Our dividend policy continues to be that dividends will move in line with medium term earnings growth.

#### **Operating Performance**

Like for like sales to the Public Sector and Commercial market, which represents half of Group sales, were 5 per cent ahead of 2006 with encouraging double digit organic growth in natural stone products. Underlying activity in the Domestic market was good until it was hampered by exceptional summer rainfall. Like for like sales to the Domestic market were 3 per cent ahead of 2006. Installer order books at the end of June were a healthy 9.7 weeks, compared to 8.9 weeks at the same time last year, although in part, this increase reflects the backlog due to the reduced number of installations in June.

At the heart of Marshalls is a single manufacturing and distribution operation that supports our two main markets. This fundamental competitive advantage delivers industry leading product availability and delivery performance. We continue to invest in order to improve our productivity, to make our workplace safer and to reduce the environmental impact of our operations. Marshalls now has 54 robots installed in our manufacturing facilities which are delivering a significant competitive advantage.

Sustainability continues to be an integral part of the Marshalls culture. We have committed significant resources to establish and maintain third party accreditation for environmental management, safety management and quality. In 2006, independent audits confirmed that our chosen natural stone supplier partners in India and China were complying with the Ethical Trading Initiative base code. We continue to be the only major UK supplier in our sector who can provide this degree of assurance to customers, providing a key business differentiator.

We are increasing the pace of development of our integrated offer to the Public Sector and Commercial market by continuing to improve the range of innovative products and services we offer. This is particularly important for large prestigious developments. In the Public Sector and Commercial market we expect a good level of activity for the balance of 2007 and 2008.

The Group's Domestic strategy is gathering momentum. We continue to invest in sales and marketing direct to the consumer to create "pull through" demand and improve product mix. We now have four Marshalls Garden and Driveway Display Centres open and will have ten sites open for the 2008 season. Our sponsorship of the Royal Horticultural Society's Chelsea Flower Show in May was very successful and our presence at the Hampton Court and Tatton Park flower shows has further increased brand awareness and public recognition of Marshalls' innovative and design led products and services.

#### **Corporate Activity**

In the first half of 2007 we have invested £25.4 million in capital expenditure and acquisitions, and further such investment will continue to be a key part of our growth strategy.

Capital expenditure was £13.6 million including £10.1 million replacing assets and for business and process improvements. In addition to the incremental revenue investment referred to above we invested £3.5 million of capital investment on strategic organic expansion to drive future growth. This included the fourth Marshalls Garden and Driveway Display Centre and a range of natural stone and street furniture developments that will begin to payback in 2008.

In the first half of 2007 we also invested £11.8 million in bolt on acquisitions. We acquired one street furniture and two natural stone businesses.

#### **Balance Sheet**

Net assets at 30 June 2007 were £199.4 million which represented 139.4 pence per share.

At 30 June 2007 net debt was £73.5 million (2006: £47.4 million) with gearing of 36.8 per cent. The movement in net debt in the period is mainly due to the acquisitions and developments outlined above.

The liability for defined benefit pension obligations decreased from £41.9 million at 31 December 2006 to £28.2 million at 30 June 2007. This reduction is mainly due to an increase in the AA corporate bond rate from 5.1 per cent to 5.75 per cent. An actuarial gain of £9.2 million (net of deferred taxation) has

been recorded in the Consolidated Interim Statement of Recognised Income and Expenses.

#### Dividend

The Board has declared an interim dividend of 4.55 pence (2006: 4.30 pence) per ordinary share, an increase of 5.8 per cent. This dividend will be paid on 5 December 2007 to shareholders on the register at the close of business on 2 November 2007. The ex-dividend date will be 31 October 2007.

#### Outlook

We have good visibility of demand in the Public Sector and Commercial market and lead indicators continue to be positive for 2007 and 2008. The outcome of the ongoing Comprehensive Spending Review will be announced later this year and this is expected to reinforce medium term demand. The outlook for this market sector, which represents half of our sales, remains good and we continue to invest organically and through acquisition to deliver growth.

Underlying activity in the Domestic market was good until it was hampered by exceptional summer rainfall. Installer order books continue to be strong at 9.7 weeks. Our successful sponsorship of the RHS Chelsea Flower Show has increased brand awareness and provided the platform to launch our National Garden Design and Installation Service. Continuing investment will result in a network of ten Marshalls Garden and Driveway Display Centres for the 2008 season.

The pace of development is increasing and with the spread of our business across the Public Sector and Commercial and Domestic markets we are well placed to take advantage of market growth opportunities.

## Notes to the Consolidated Interim Financial Statements

#### 1. Basis of preparation

Marshalls plc (the "Company") is a company domiciled in the United Kingdom. The Consolidated Interim Financial Statements of the Company for the half year ended 30 June 2007 comprise the Company and its subsidiaries (together referred to as the "Group").

The Consolidated Interim Financial Statements have been prepared on the basis of the recognition and measurement requirements of IFRSs in issue and endorsed by the EU and effective at 30 June 2007.

The Consolidated Interim Financial Statements do not include all the information required for full annual Financial Statements and should be read in conjunction with the Consolidated Financial Statements of the Group as at and for the year ended 31 December 2006. The Consolidated Interim Financial Statements were approved by the Board on 7 September 2007.

The Consolidated Interim Financial Statements have been prepared applying the accounting policies and presentation that were applied in the Company's published Consolidated Financial Statements for the year ended 31 December 2006. The accounting policies are included on the Company's website and have been applied consistently throughout the Group for the purposes of these Consolidated Interim Financial Statements.

The preparation of financial statements in conformity with IFRSs requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

#### 8. Comparative information

The comparative figures for the financial year ended 31 December 2006 are not the Company's statutory financial statements for that financial year. Those financial statements have been reported on by the Company's auditors and delivered to the Registrar of Companies. The report of the auditors was (i) unqualified, (ii) did not include a reference to any matters to which the auditors drew attention by way of emphasis without qualifying their report, and (iii) did not contain a statement under section 237(2) or (3) of the Companies Act 1985.

## Independent Review Report

#### Independent review report by KPMG Audit Plc to Marshalls plc

#### Introduction

We have been instructed by the Company to review the Financial Information for the six months ended 30 June 2007 which comprises the Consolidated Interim Income Statement, the Consolidated Interim Balance Sheet, the Consolidated Interim Cash Flow Statement, the Consolidated Interim Statement of Recognised Income and Expenses and the related notes. We have read the other information contained in the Interim Report and considered whether it contains any apparent misstatements or material inconsistencies with the Financial Information.

This report is made solely to the Company in accordance with the terms of our engagement to assist the Company in meeting the requirements of the Listing Rules of the Financial Services Authority. Our review has been undertaken so that we might state to the Company those matters we are required to state to it in this report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company for our review work, for this report, or for the conclusions we have reached.

#### **Directors' responsibilities**

The Interim Report, including the Financial Information contained therein, is the responsibility of, and has been approved by, the Directors. The Directors are responsible for preparing the Interim Report in accordance with the Listing Rules of the Financial Services Authority which require that the accounting policies and presentation applied to the interim figures should be consistent with those applied in preparing the preceding annual financial statements except where any changes, and the reasons for them, are disclosed.

#### **Review work performed**

We conducted our review in accordance with guidance contained in Bulletin 1999/4 issued by the Auditing Practices Board for use in the UK. A review consists principally of making enquiries of management and applying analytical procedures to the Financial Information and underlying financial data and, based thereon, assessing whether the accounting policies and presentation have been consistently applied unless otherwise disclosed. A review excludes audit procedures such as tests of controls and verification of assets, liabilities and transactions. It is substantially less in scope than an audit performed in accordance with International Statements on Auditing (UK and Ireland) and therefore provides a lower level of assurance than an audit. Accordingly, we do not express an audit opinion on the Financial Information.

#### **Review conclusion**

On the basis of our review we are not aware of any material modifications that should be made to the Financial Information as presented for the six months ended 30 June 2007.
